parts

unirim®
PA-Elastomer systems

Linings

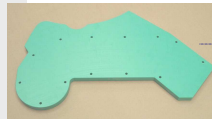

Tubes, rolls
Bushes, rings

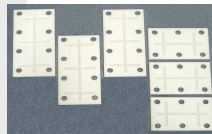

Pulleys

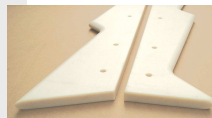

Rolls

Wear plates
Various parts

PA6-G
PA6-G+oil
PA6-G+glas
PA6-G+MoS₂
PA6-G heat stabilized
PA12

PE – POM – PP – PETP
PEEK – PVC – PTFE, ...

Elevator buckets

Production programme

Semi-Finished goods

Sheets, rods, rings, tubes, customized plastic components...
manufactured from all industrial plastics

Machining

Turning, milling, planing, sawing, boring,
bending

Polyamide moulded parts

Sheets, rods, rings, tubes, customized plastic components
according to your wishes

RIM reaction injection moulding

Polyamide parts with complex geometries

Polyurethane moulded parts

Piece weight 5g-250kg, hardness 20°-98° Shore A

Polyurethane covers

Rolls, pulleys, cots, strips...

Using our products nearly in all branches of industry:

uniplast®

Polyamide systems

unirim®

PA-Elastom. systems

unithan®

Polyurethane systems

unitex®

Duroplast

Wheels

Pulleys

Rolls

Bearings

Sliding plates

Linings

Wear plates

Elevator buckets

Covers

Various parts

PU-Moulded parts

PA-Moulded parts

Spare parts, ...
